Volunteer Opportunities for Law Students

2020 Summer Associate Program

Community Legal Aid is a private non-profit law firm which works to bridge the gap between poverty and justice for those in need. Legal Aid is the primary provider of free civil legal representation to low income and elderly residents of central northeast Ohio, concentrating its efforts on legal work that makes a difference in the lives of those it serves.

Legal Aid has Summer Associate openings for Law Students in four (4) of our Northeast Ohio offices. Job descriptions for the various positions are listed below.

Legal Aid is looking for dedicated, hard-working, and public-interest minded students for its Summer Program. Legal Aid has opportunities available for 2L's (with or without intern certificate) and 1L's. Law Students who are applying to participate in the Summer Associate Program are expected to work unpaid for at least 10 weeks.

Overview

Applicants must list their top two project preferences in their cover letter (see 2020 Summer Associate position descriptions) and describe why they are interested and what they hope to experience. Cover letters which do not indicate preferences may not receive full consideration.

Law Students will work in different areas of the law and have different experiences. Generally, Law Students may expect to interview clients, draft client letters, draft court pleadings, research relevant legal issues, attend and assist with court hearings, assist with discovery, analyze evidence, and complete various other tasks as assigned.

All Law Students will receive training in substantive areas of poverty law, meet with judges involved and may observe court hearings. There may also be brown bag lunches with current Legal Aid lawyers and community members. Past participants have included judges, a civil rights attorney and leaders of local non-profit agencies.

Funding

Due to limited financial resources, Legal Aid's Summer Associate positions are unpaid. Applicants are encouraged to apply for summer funding through the following sources.

- Summer grants / fellowships through individual law schools
- Equal Justice Works, AmeriCorps JD Program, may be offered in 2020. In the past fellowships were not cash awards, but were a Segal AmeriCorps Education Award which could be applied to educational debt or future education costs. These were awarded on a first come, first served basis so check the web site and be sure to apply as soon as the application is available on line—they go quickly.
